

## 303 / MASKING-TEC® heavy crepe masking tape

SKU	Bar code	Width
KIP-303-30	4013142303300	30 mm
KIP-303-50	4013142303508	50 mm

Ideal for masking tight corners, curves, window and door handles, fittings and similar. For smooth surfaces, also clings to slightly rough surfaces. For short covering work, for indoor (1 day) use. Heavily creped tape with high-quality natural rubber adhesive. Excellent stretchability.

### **Properties:**

- Highly creped tape
- Flexible

### **Application:**

- Ideal for masking curves and short-term (1 day) indoor masking application for curved surfaces such as window and door handles, fittings and more.
- Mainly for smooth surfaces.
- Also adheres to slightly rough surfaces.

### **Technical data:**

Roll length	50 m
Backing	Highly creped paper
Thickness	0.34 mm
Adhesive	Rubber
Tensile strength	18 N / 10 mm
Elongation	30%
Max. temperature resistance	80°C

### **MADE IN EUROPE**

Manufacturer: Kip GmbH, Schlavenhorst 9 in 46395 Bocholt, Germany

Distributor: Albau SIA – 20k-1-14, Talivalza street, Riga, LV-1006, Latvia, Reg.No. 40103561205
