Small countersunk head 75° with TX-Star recess, A2, partial thread

APPROVALS

ADVANTAGES/BENEFITS

- The stainless steel wood façade screw is ideally suited for safe and long-lasting connections in external areas.
- The Power-Fast thread reaches into the screw tip and ensures a fast bite. This makes your work noticeably easier.
- The shank ribs reduce drive-in resistance and thereby enable power and battery conservation in your work.
- The narrow head geometry also affords a precise and splinter-free surface finish even with fastenings close to the edge.

ADVANTAGES/BENEFITS

- The stainless steel wood façade screw is ideally suited for safe and long-lasting connections in external areas.
- The Power-Fast thread reaches into the screw tip and ensures a fast bite. This makes your work noticeably easier.
- The shank ribs reduce drive-in resistance and thereby enable power and battery conservation in your work.
- The narrow head geometry also affords a precise and splinter-free surface finish even with fastenings close to the edge.

FUNCTIONING

- The boards in the wood façades can be fastened to the substructure easily and permanently with the fischer wood façade screw with no need for pre-drilling.

TECHNICAL DATA

FFS-ST A2P

Diameter 4,5

Diameter d [mm]	Length l [mm]	Drive	Art.-No.	Article name	Partial thread length l_g [mm]	Sales unit [pcs]
