

## ROLLCUT'®

REF.	SIZE	EAN CODE	CUSTOMS CODE
3314000		3289553314001	82055910

### APPLICATIONS

- Only one tool for rolling out, laying and cutting paper joint tape.  
On walls and ceilings, including corners up to 3 m high without a bench or stilts**
- Short version without extension for difficult access, such as cupboards...
  - Medium extension for vertical installation
  - Long extension for vertical and curved installation
  - Increased productivity guaranteed in addition to Roll'Enduit® and the entire perchable range or in the context of airless application

### TECHNICAL DESCRIPTION:

- Delivered in a transport case with 2 aluminium extensions with rubberised handles
- The tape is moistened during installation, which limits bubbling when drying
- Precise cutting integrated in the head, no pre-cutting, perfect connections, no overlapping
- 1 water tank consumed = 150 linear metres of non-stop tape laying
